

Tranquility in White

Crushed Quartz - A stark white aggregate to provide a structural finish to the modern garden. ideal as a ground covering, in tubs or between pavers.

Cowra White - This is a rounded stone suitable for pathways or as a ground covering. Available in 20mm for general use or 40mm as a feature.

Cowra White 50mm - 130mm - Larger sized rounded stone. Use on its own to border or feature. Combine with other sizes to layer and create depth.

Imported Pebble White - Pure snow white rounded pebbles provide a striking contrast and add a high class finish to pots and in gardens. Available in 20kg bags in assorted sizes

Soft Landing - A deep brown 10mm pinebark to soften the look and provide contrast to the white. Blends well with charcoal features and dark foliage. Light weight and easy to spread. Also meets AS4422 for playground mulch.

Hanson - Santa Fe Illiad Paver - Pave your way to a relaxing courtyard. Santa Fe pavers are available in illiad - a dark charcoal paver that sets the scene. Combine with the other products, add some plants and furniture and enjoy your new sanctuary.
